

DIEBOLD 7790 FULL-FUNCTION DRIVE-UP ISLAND ATM

FLEXIBLE AUTOMATION AND ADVANCED SECURITY FOR THE DRIVE-UP LANE

The drive-up banking channel has long been considered the standard for convenience, allowing today's harried consumers to access their assets as efficiently as possible. With the introduction of the Diebold 7790 to the marketplace, however, it is a standard that is being redefined.

The Diebold 7790 offers a variety of cutting-edge, uncomplicated hardware improvements to minimize the time consumers must take out of their day to conduct their banking.

And it does so in an engaging manner, delivering messaging across multiple screens and potentially expanding the types of transactions available to consumers.

POSITIVE CONSUMER INTERACTION

The Diebold 7790 offers fast, intuitive transactions via an attractive platform.

- ActivCash™ dispenser delivers industry-leading cash cassette capacity, reliability and cash over the keyboard
- ActivMedia™ module accepts up to 75 combined notes and checks via a single slot
- 19" consumer display pairs with secondary 7" ActivView™ display for easy-to-reach, secure personal data entry in the drive-up lane

ENHANCED SECURITY OPTIONS

Integrated theft- and fraud-prevention measures benefit the financial institution and consumers alike.

- Centralized ActivGuard™ intelligent alarm nerve center facilitates enhanced protection and monitoring
- Fraud-resistant fascia, EPP7 and optional ActivEdge™ secure card reader protect user data
- Leading data security technology: Symantec™ Endpoint Protection, SPEAR 2, ValiTech® and Self-Service Computing

IMPROVED OPERATIONAL EFFICIENCY

The industry-leading technology inside the Diebold 7790 is cost optimized to deliver maximum performance for the investment.

- Data analytics and individual power control to modules minimize maintenance costs
- ActivPower™ system diminishes terminal power consumption by up to 40 percent
- Intelligent, vertically installed ActivCash cassettes are chip-enabled for storing critical information such as denomination, cash capacity, access history or even health status

We've Got a Solve for That.™
