

DIEBOLD ACTIVMEDIA MIXED-MEDIA ACCEPTOR

REVOLUTIONIZE EFFICIENCY WITH SINGLE-SLOT AUTOMATION.

You know your strategies, goals and brand better than anyone else. You also understand your customers and the significant impact the self-service experience has on their loyalties. That's why Diebold continues to offer flexible ATM options and enhancements to suit your institution's unique needs. It's also why we've engineered Diebold ActivMedia, a mixed-media acceptor that allows the customer to deposit checks and cash into a simple, single slot. It offers an overall enhanced experience for the customer, as well as optimizes the automation process with distinct cost- and time-saving benefits.

ENSURE SMOOTH, ACCURATE DEPOSITS.

ActivMedia's two stages of validation help to ensure a successful deposit. When a customer makes a deposit of cash and checks, the two types of media are fed in any orientation. A pre-validation process identifies unfit elements, pulls them out of the media flow and quickly separates them. The notes and checks are aligned if needed and sent to a second validation station. The cash is examined for authenticity (multi-currency capable), and the checks are examined and imaged. The accepted cash and checks then flow to designated cassettes for final processing.

ADDITIONAL FEATURES

- Combined capacity of 5,400 notes and checks
- One slot for checks and cash
- Two stages of validation

We've got a solve for that.™

ACTIVMEDIA PROVIDES INNOVATIVE SINGLE-SLOT DEPOSIT AUTOMATION THAT IS REMARKABLY FAST, ACCURATE AND RELIABLE.

SIMPLIFY YOUR SELF-SERVICE CHANNEL EXPERIENCE.

Many customers today lead busy lives. By providing a single slot for note and check deposits with ActivMedia, you give them a unique self-service experience with simplicity and ease.

Backed by Diebold - All of our deposit automation-enabled offerings, including ActivMedia, come with the security and performance you expect from an industry leader.

Fast and efficient - ActivMedia handles 75 notes and checks in seconds - securely. What's more, rapid processing enhances counterfeit detection and helps prevent possible errors.

A singular experience - ActivMedia makes multi-media deposits fast, simple and safe for customers.

EXPERIENCE NEW AND EFFECTIVE SOLUTIONS FOR YOUR SELF-SERVICE CHANNEL NEEDS.

It's your choice. You understand your needs, your customers and the integrity of your brand. As your partner, Diebold offers you flexible, scalable deposit-automation solutions right for your business and backed by Diebold's experience, performance and reliability.
