

DIEBOLD OPTEVA® 368 THROUGH-THE-WALL, WALK-UP CASH RECYCLER

Looking for the right recycling technology for your customers?

A COMPLETE APPROACH

For ultimate convenience, streamlined operations and rewarding consumer experiences, Opteva 368 ATM supports your key business objectives.

RELIABILITY YOU NEED

With Opteva 368 ATM, your consumer's trouble-free experience comes from the proven reliability and consistent user interface of the entire Opteva family.

REWARDING EXPERIENCES

The Opteva 368 ATM provides your customers with total confidence in their transactions. A familiar, intuitive user interface and lead-through indicators make even complex transactions a smooth, simple process.

STREAMLINING PROCESSES

Starting with larger capacity cassettes to reduce courier costs and enhance uptime, the Opteva 368 ATM leverages the ability to perform such tasks as note fitness checking and validation, cash sorting, denominating and balancing.

SECURITY YOU TRUST

The entire Opteva family is secure from its very core. A multi-layered approach helps mitigate physical and informational risks.

We've got a solve for that.™

YOUR PEACE OF MIND IS PRICELESS

For the highest level of reliability and continuous accessibility from your ATM channel, put your trust in a proven partner. Diebold technology operates easily, profitably and securely, so your ATMs run efficiently. Our self-service solutions provide maximum durability for high return on your investment.
