

DIEBOLD OPTEVA® 378 FREE-STANDING, LOBBY CASH RECYCLER

A compact, powerful solution to meet consumers' growing needs.

IMPROVE EFFICIENCIES

Offering five large-capacity cassettes, Diebold's Opteva 378 ATM maximizes efficiencies by minimizing the time and costs associated with courier visits. A larger note capacity keeps the ATM functioning for longer time periods before replenishment is needed.

STRENGTHEN EXPERIENCES

The Opteva 378 ATM provides an optional contactless card reader to speed transaction times and increase customer convenience. Additionally, by conforming to all international accessibility guidelines, the Opteva 378 ATM is highly accessible to your target audiences.

ENHANCE SECURITY

All Opteva ATMs are engineered for security – from the inside out. The Opteva 378 ATM is no exception and also offers an optional two-dimensional barcode reader and finger-vein recognition technology.

INCREASE SERVICE

A small footprint makes the Opteva 378 ATM a convenient solution for even the tightest of spaces. Now you can offer the cash availability your customers need wherever they need it.

We've got a solve for that.™

YOUR PEACE OF MIND IS PRICELESS

For the highest level of reliability and continuous accessibility of your ATM channel, put your trust in a proven leader. Diebold technology operates easily, profitably and securely, so your channel runs as efficiently as possible. Our self-service solutions provide maximum durability for high return on your investment.
