

DIEBOLD OPTEVA® 569 THROUGH-THE-WALL, CASH DISPENSER

Creating opportunities while offering conveniences

REVENUE GENERATION

The robust functionality of the Opteva® 569 ATM provides revenue-generating opportunities including a two-dimensional barcode scanner for bill payment and a contactless card reader for e-purse and mobile top-ups.

CONSUMER CONVIENCE

The Opteva 569 ATM offers four cassettes to enhance capacity and ensure greater availability for self-service transactions. Intelligent modules forecast maintenance requirements enabling proactive responses to replenishment needs. With industry-leading uptime, Opteva technology provides consistent convenience for consumers and peace of mind for you.

MULTI-CHANNEL SOFTWARE

Agilis®, Diebold's high-performance solutions platform, operates in a cross-vendor environment and connects to Web applications, back-office systems and other customer channels to maximize your brand, personalize transactions and deploy new functionality quickly.

RISK MIGRATION

The enhanced security features of the Opteva 569 cash dispenser integrate the latest in fraud-prevention technology to reduce your exposure while offering your customers a strong sense of security.

We've got a solve for that.™

YOUR PEACE OF MIND IS PRICELESS

For the highest level of reliability and continuous accessibility from your ATM channel, put your trust in a proven leader. Diebold technology operates easily, profitably and securely, so your channel runs as efficiently as possible. Our self-service solutions provide maximum durability for high return on your investment. Diebold Opteva® hardware and Agilis® software platforms were designed with an eye toward the future by ensuring upgradeability and delivering tomorrow's self-service terminals today.

Enjoy the peace of mind only Diebold technology delivers. From ease of installation, to the latest in security features and maximum availability, Diebold offers reliable solutions that boost profitability. Choose dependability. Choose Diebold.
