

DIEBOLD OPTEVA® 868 THROUGH-THE-WALL-ATM

Versatility and value for today and tomorrow

CONVENIENT

The Opteva 868 cash management ATM offers exceptional, proven reliability for significantly greater uptime compared to standard ATMs. In addition, faster transaction speeds create enhanced consumer convenience.

EFFICIENT

Make great strides improving operational efficiencies with the Opteva 868 cash management ATM. Equipped with sizable note capacity, the ATM requires fewer deposit pulls and service calls.

EFFECTIVE

Automating clerical functions, including note validation, note fitness checking, sorting and denominating at the self-service channel effectively reduces the cash cycle and minimizes the burden on branch and vault staff.

SECURE

The advanced deposit automation functions of the Opteva 868 ATM eliminate the envelope from the transaction which eliminates the risk of empty-envelope fraud.

FLEXIBLE

Offering three depository styles, the Opteva 868 ATM provides options that are widely accepted in different markets so you can choose the one most suitable to your consumers.

We've got a solve for that.™

YOUR PEACE OF MIND IS PRICELESS

The Opteva flex performance series offers advanced deposit automation technology with the integrated flexibility to migrate to full cash recycling. High performance, adaptable features optimize total cost ownership and growth opportunities.
