Release 1.05 replaces all older releases.

Release 1.05 is compatible with all Accton 1660 adapters.

Release 1.05 must be used for the latest generation of Accton 1660 adapters with new MAC addresses. Those adapters are shipped since November 1999.

New MAC ID address range: 0010B5XXXXX (X: hexadecimal variable)
Old MAC ID address range: 0000E8XXXXX

The MAC ID can be found on a label on each adapter.
