

Easy Access to Cash

Although the frequency of non-cash payments is growing globally, cash retains its status as the world's number one payment method. Nine out of 10 payment transactions are handled in cash worldwide, and the total volume of global cash withdrawals has risen 8% each year. Knowing this, it is hardly surprising that the number of global ATMs is forecasted to grow continually as consumer demand for convenient cash access remains pronounced.

Philosophy

The CS285 is a through-the wall weatherized cash dispenser with ergonomic system design. With its tested and proven media dispenser technology, it makes cash accessible in a small footprint as well as through unparalleled efficiency. It is also designed for fast, easy upgrades to satisfy additional requirements as they emerge. You also have the option to integrate advanced functionality, such as mobile-initiated cash transactions driven by QR codes or NFC technology.

Make the Most of Automation

The CS 285 offers convenience and efficiency enabling a stronger payment infrastructure in small towns and cities, as well as emerging markets. CS 285 features up to four cassettes, guaranteeing maximum availability, and a highly user-friendly interface that results in an intuitive product and enjoyable customer experience.

Improve Operations and Revenue

The CS 285 is ergonomically designed to suit any user group and features a robust construction that allows long-term operations. An anti-manipulation card slot, anti-skimming module, biometric solutions and high resolution cameras all address security concerns, enhance consumer confidence and maintain the integrity of your system. Combine these factors with dispenser technology that has proven its worth across the globe, and the result is a reliable system.

Features

MEDIA TECHNOLOGY

CMD (Cash Media Dispenser Module)

- Withdrawals of up to 60 notes in a bundle
- Banknote reject/bundle retract

Banknote Storage

- 2 - 4 cassettes
- Max fill level: 310 mm
- Money low indicator
- Retract/reject cassette with 2 compartments

ENHANCED SECURITY

Physical

- Consumer awareness mirrors
