

DN Series® 150D

Monofunction Through-the-Wall Cash Dispenser System

The DN Series® 150D has a compact, consumer-focused design with the flexibility to offer more services to your consumers when, where and how they're desired.

The DN Series® 150D features our patented, industry-leading advanced friction-pick technology, so your network can handle a wider range of currency and media types. The Advanced Function Dispenser (AFD) 2.0 engine ensures secure, convenient, reliable access to cash.

More Personalized

The consumer-focused interface and compact design are ideal for off-premise and retail locations.

More Integrated

A common platform supported by leading software and services ensures more seamless integration into your organization's channel ecosystem.

More Available

DN AllConnect™ Data Engine, an intelligent data-driven service architecture, maximizes the availability of the globally proven AFD 2.0.

More Efficient

Four cash cassettes with larger capacity enable you to serve more consumers and minimize CIT visits.

More Future-Ready

With scalable features such as NFC and barcode capabilities, it's designed to ensure you're ready for whatever comes next.

More Secure

Layered security features protect against traditional and emerging physical, data and cyber threats.

More Sustainable

Built for a greener future: DN Series® minimizes power use, reduces service and CiT trips, and optimizes resources—supporting your sustainability goals at every step.

CASH & MEDIA DISPENSER

CAFD 2.0 Engine (Advanced Function Dispenser)

- Withdraw up to 50 notes per transaction
- Up to 4 cassettes
- 340 mm note capacity per cassette
- Retract/Reject bin
