

DN Series® 400A

Lobby Multifunction Cash Dispenser

Offer next-level business banking for your small- and medium-business (SMB) clients—while ensuring every consumer has a more personalized experience—through the expanded transaction set and increased availability of the DN Series® 400A.

Designed on a scalable platform and powered by our high-efficiency cash and media engine [CMDV6A], the DN Series® 400A can offer coin dispense capabilities so you can meet your consumers' and your SMB clients' needs through a 24x7 channel that offers more functionality.

More Personalized

Engaging, consistent, research based design coupled with powerful Vynamic® software that enable personal connections with consumers at the intersection of physical and digital channels.

More Integrated

A common platform supported by leading software and services ensures more seamless integration into your organization's channel ecosystem.

More Available

DN AllConnect™ Data Engine, an intelligent data-driven service architecture, maximizes the availability of the globally proven 6th generation dispensing module.

More Efficient

New functionality offers new opportunities to migrate transactions and engage consumers through the self-service channel.

More Future-Ready

Our scalable, modular platform offers the flexibility to meet consumers' demands today and in the future.

More Secure

Layered security features protect against traditional and emerging physical, data and cyber threats.

More Sustainable

Built for a greener future: DN Series® minimizes power use, reduces service and CiT trips, and optimizes resources—supporting your sustainability goals at every step.
