

# DN Series® 470A

## Outdoor Drive-Up Through-the-Wall Multifunction Cash Dispenser System

Transform your drive-thru lane: migrate routine transactions to self-service and free your tellers to engage more deeply with consumers.

Designed on a scalable platform, the DN Series® 470A is powered by our high-efficiency cash and media engine (CMD-V6A) to ensure higher uptime and availability. The DN Series® 470A meets the needs of your consumers in a convenient 24x7 channel.

### More Personalized

Engaging, consistent, research based design coupled with powerful Vynamic® software that enable personal connections with consumers at the intersection of physical and digital channels.

### More Integrated

A common platform supported by leading software and services ensures more seamless integration into your organization's channel ecosystem.

### More Available

DN AllConnect™ Data Engine, an intelligent data-driven service architecture, maximizes the availability of the globally proven 6<sup>th</sup> generation dispensing module.

### More Efficient

New functionality offers new opportunities to migrate transactions and engage consumers through the self-service channel.

### More Future-Ready

Our scalable, modular platform offers the flexibility to meet consumers' demands today, and in the future.

### More Secure

Layered security features protect against traditional and emerging physical, data and cyber threats.

### More Sustainable

Built for a greener future: DN Series® minimizes power use, reduces service and CiT trips, and optimizes resources—supporting your sustainability goals at every step.
