

# Built to Connect. Built for More.™

Transform your drive-thru lane: migrate routine transactions to self-service and free your tellers to engage more deeply with consumers. Designed on a scalable platform, the DN Series 470A is powered by our high-efficiency cash and media engine (CMD-V6A) to ensure higher uptime and availability. The 470A meets the needs of your consumers in a convenient 24x7 channel.

## More Personalized

Engaging, consistent, research-based design coupled with powerful Dynamic Marketing™ enables you to personally connect with consumers at the intersection of physical and digital channels.

## More Integrated

A common platform supported by leading software and services ensures more seamless integration into your organization's channel ecosystem.

## More Available

DN AllConnect™ Data Engine, an intelligent data-driven service architecture, maximizes the availability of the globally proven 6<sup>th</sup> generation dispensing module.

## More Efficient

New functionality offers additional opportunities to migrate transactions and engage consumers through the self-service channel.

## More Future-Ready

Our scalable, modular platform offers the flexibility to meet consumers' demands today, and in the future.

## More Secure

Layered security features protect against traditional and emerging physical, data and cyber threats.

## System Options
