Built to Connect. Built for More.™

Teller automation solutions now enable 90% of transactions to be automated, delivering faster and more convenient transactions at the branch. This frees tellers to focus more on developing relationships and selling financial products.

Fast, fully automated teller systems, like the compact DN Series 600V teller cash recycling system, provide reliable, accurate note handling and authentication while expediting service delivery, increasing operational efficiency, and boosting cash security within the branch.

More Personalized

Thanks to its multi-user functionality, it can be used by 2 tellers at the same time, allowing smoother operation.

More Integrated

As it is based on our industry-leading RM4V technology, the cassettes—both standard and dual cassette—are interchangeable with our DN Series ATMs.

More Available

The DN 600V can be connected to our DN AllConnect℠ Services to guarantee the highest possible availability.

More Efficient

Tellers with automation can generate as much as 1.5 x increases in throughput.

More Future-Ready

This compact, high-capacity device offers advanced recycling capability for innovative and future-ready branch concepts.

More Secure

Different safe options and an advanced alarm board keep your cash safe.

Features

CROSS-PLATFORM MEDIA ENGINES

RM4V Engine
(4th Generation Recycling Module)

- Processing speed of up to 8 notes/sec
- Deposit up to 300-note bundles
- Withdraw up to 200-note bundles
- 4+1 [4 recycling cassettes + 1 acceptance cassette]
- Standard cassette: 420 mm note capacity per cassette
- Dual Cassette: overall 300mm note capacity per cassette in two compartments
- Recycles up to 8 denominations with dual cassettes
- Reject slot with up to 100 note capacity
- Foreign object detection
- ECB banknote validation compliant

ENHANCED SECURITY

Physical
- Security Safes: UL 291 Level 1, CEN I
- Variety of alarm options
- Electronic or mechanical safe locks

Cyber
- Trusted Device Communication
- Basic Endpoint Protection
- CrypTA Stick secure service access
- DN Vynamic® Security Suite
- Trusted Platform Module (TPM)

Display
- 10.1'' display
- Touch display

Processor
- Intel® i5 16Gb
- Intel® Active Management Technology (AMT)
- 512Gb hard disk

Accessibility
- Compliant with regional height and reach requirements

Serviceability
- Front load
- Integrated with DN AllConnect Services℠ Architecture

Platform Software & Operating System
- ProBase/C 1.5
- Windows® 10

Application Software
- DN Vynamic Software Suite

HEIGHT: 942 mm (37.1 in)

DEPTH: 984 mm (38.7 in)

WIDTH: 450 mm (17.7 in)

Dimensions UL safe: (HxWxD)
942 mm x 450 mm x 984 mm
(37.1 in x 17.7 in x 38.7 in)

Dimensions CEN I safe: (HxWxD)
942 mm x 500 mm x 984 mm
(37.1 in x 19.7 in x 38.7 in)
