DIEBOLD NIXDORF

VALUE-LINE POS PRINTER FOR HIGH-SPEED PRINTING

The TH210-VI is a versatile printer designed for printing receipts, coupons, vouchers and transaction documents at the POS. The print speed is one of the highest in its price range, which ensures a fast checkout process. Optimum driver and firmware technology make the best use of the engine, producing print speeds of up to 180 mm/s or 5.9 inches/s.

EASY TO INSTALL AND OPERATE

The TH210-VI is easy to install, and thanks to its modern design, has a small footprint that place its cable connectors under its casing. The H210-VI can be operated horizontally or vertically to fit the needs of your space. When used vertically, the TH210-VI's print direction can be rotated 180 degrees for easy reading. The TH210-VI boasts an array of user-friendly features. including simple paper loading and a buzzer that can cut through noisy environments to let you know when a receipt has been printed. The device can be powered with Diebold Nixdorf's BEETLE system, and can also be used in combination with a PC. (External power supply is required). Both RS232 and USB interfaces are available for data connections.

COMPREHENSIVE DRIVER SUPPORT

A full range of drivers, including Windows 32-bit and 64-bit, OPOS and JavaPOS drivers, support the TH210-VI in different software environments.

Additionally, the TH210-VI's graphic capability supports the printing of logos, 1D and 2D bar codes, and even QR codes. The TH210-VI's print resolution of 203 x 203 dpi ensures printouts with excellent quality and the device can store logos for frequent use.

ECO-FRIENDLY AND COST EFFICIENT

The EnergyStar-qualified TH210-VI features low power consumption, which is not only eco-friendly, but also helps reduce the device's total cost of ownership. The printer also includes a paper saving feature, which uses reduced line space and other methods to produce printouts designed for 80 mm (3.15 inches) paper rolls on 58 mm (2.28 inches) rolls.

GLOBAL USAGE

With many code pages and the most relevant Asian character sets already loaded, the TH210-VI is ideal for global use.

SERVICE OPTIONS

Tailored services enable efficient deployment of solutions and the highest possible system availability and security based on the Diebold Nixdorf AllConnect ServicesSM Platform:

- Global Deployment and Implementation Services: installation and integration into existing environments
- Maintenance Services: fast Recovery and Security Services
- Managed Services: Store Lifecycle Management, Transformational Outsourcing and Consulting Services

WHY DIEBOLD NIXDORF?

With an installed base of more than 1 million ePOS systems worldwide, Diebold Nixdorf provides leading technologies for automating checkout processes and engaging consumers. Our local presence in more than 130 countries positions us to better understand the market needs of today and anticipate those of tomorrow. We leverage our expertise in seamless omnichannel retailing, store transformation and global delivery excellence, to help retailers achieve their business objectives. We enable a convenient, seamless checkout and shopping experience for consumers who desire consistency across all channels—from store to mobile and beyond.
