

DN Series® 100Di

Mono-Function Indoor Cash Dispenser

The DN Series® 100Di has a compact, consumer-focused design with the flexibility to offer more services to your consumers when, where and how they're desired.

The DN Series® 100Di features our patented, industry-leading advanced friction-pick technology, so your network can handle a wider range of currency and media types. The Advanced Function Dispenser (AFD) 2.0 engine ensures secure, convenient, and reliable access to cash.

More
Personalized

The consumer-focused interface and compact design are ideal for off-premise and retail locations.

More
Integrated

A common platform supported by leading software and services ensures more seamless integration into your organization's channel ecosystem.

More
Available

DN AllConnect™ Data Engine, an intelligent data-driven service architecture, maximizes the availability of the globally proven AFD 2.0.

More
Efficient

Four cash cassettes with larger capacity enable you to serve more consumers and minimize CIT visits.

More
Future-Ready

With scalable features such as NFC and Windows 11 capabilities, it's designed to ensure you're ready for whatever comes next.

More
Secure

Layered security features protect against traditional and emerging physical, data and cyber threats.

More
Sustainable

Built for a greener future: DN Series® minimizes power use, reduces service and CIT trips, and optimizes resources—supporting your sustainability goals at every step.
