WinNT4 & Win98 → only name of self extractor changed  
Win2K/XP and WNdual → are new.

**Dual Screen with two TFT displays and Windows 2000/XP:**

**This driver release 2.46d (for Win2K) is for internal use only.**

→ **Please do not distribute it.**

**It was developed for Wincor-Nixdorf, using BA72 displays (12") with Windows 2000.**

→ It does NOT function with two BA73A (15")

→ Windows 98SE does not need this certain driver !!
