

A Full-Function Solution in an Optimized Footprint

Today's consumers demand that every terminal works quickly, efficiently and accurately every time.

Philosophy

The Diebold Nixdorf CS 3700 series of terminals provides the ideal solution, with integrated cash recycling extending terminal uptime between cash replenishment visits and minimizing cash-management costs. It also facilitates a full set of transactions, allowing simple, quick check deposits for markets where consumers desire deposit automation. Best of all, it provides all this at a low total cost of ownership, maximizing growth opportunities.

Maximum Flexibility

The Diebold Nixdorf CS 3700 series offers financial institutions unparalleled versatility, simplifying business growth.

- Highly configurable cash deposit, dispense and recycling as well as check acceptance and coin dispense in a convenient footprint
- Full recycling capabilities with capacity of up to eight denominations
- Cash-management solution tailored to specific location needs
- Merchant deposit support with up to 200 notes per deposit

Improved Customer Experience

Designed for speed and convenience, the Diebold Nixdorf CS 3700 series increases customer engagement and satisfaction.

- Intuitive user interface with 15" optional touch screen, with or without function keys
- Simple ergonomic cash interface
- ActivCheck module depository for deposit, check cashing or bill payment
